2025/10/28 20:58 1/6 The Cash Register

User Guide - mSupply Mobile

The Cash Register

This feature is primarily for Côte d'Ivoire - it has to be enabled on the server for your version of mSupply mobile to use it. It will not be visible in the interface otherwise.

The Cash Transaction List

- Clicking the "Cash register" register button shows all receipts and payments
- Your stores current cash balance is shown in the top left.

 Tapping the New Transaction button brings up a dialog to create either a CASH IN (receipt) or CASH OUT (payment) transaction

Cash-In Transactions

- You must complete each step to proceed
- First select the Choose a Name button and select a name from the list

• Then press the Enter The Amount button and enter the amount

- Once confirmed, you can then create the cash receipt transaction.
- Optionally, you can enter a description for this receipt.

Cash Out Transactions

Creating a **CASH OUT** transaction is the same process, except that you must provide a reason for the transaction. Select the Choose a reason button, and select a reason from the list

• Once you have selected a reason, you are able to create and save this transaction
