6. Current Stock

One of the most important - but easiest - tasks in mSupply Mobile is to check how much stock you have on hand. When you create a Customer Invoice and add an item, mSupply Mobile will tell you if you have enough stock. But at many other times, you might want to quickly check, and it is very simple to do so.

Let's try!

1. Click on 'Current Stock'

This will bring up a list of your current stock-on-hand. You can scroll through this list and quickly see each item's name and 'Stock-On-Hand' (amount of each item you currently have in stock).

ITEM CODE	ITEM NAME	STOCK ON HAND
03_0061	Acetylsalicylic Acid double scored 500mg tabs	0
04_0084	Adrenaline HCL (Epinephrine) Injection 1mg/ml Amp/1ml	5
03_0200	Albendazole scored 400mg tabs	1481

Category: ANTI-INFECTIVES Department: MEDICINE Number of batches: 1 Earliest expiry:		
03_0452	Amoxicillin 500mg tabs	0
05_0457	Amoxicillin Dry Powder for Suspension 125mg/5ml Bot/60ml	20
04_0505	Ampicillin Injection Powder Vial/1gm	81

03_0630	Artemether/Lumefantrine 20mg/120mg (>35 kg) tabs 6x4	101
03_0651	Artemether/Lumefantrine 20mg/120mg (15-25 kg) tabs 6x2	120
03_0632	Artemether/Lumefantrine 20mg/120mg (25-35kg) tabs 6x3	100

2. If you want to know a little more about an item, click on the item and it will bring up more information, such as the Category, Department, and closest expiry.

If you want to search for a specific item, without having to scroll through, just enter the first few letters into the search bar at the top.
