## 6. Current Stock

One of the most important - but easiest - tasks in mSupply Mobile is to check how much stock you have on hand. When you create a Customer Invoice and add an item, mSupply Mobile will tell you if you have enough stock. But at many other times, you might want to quickly check, and it is very simple to do so.

Let's try!

### 1. Click on Current Stock

This will show a list of the **Stock on Hand** (quantity) of each item you currently have in stock.

You can **scroll** through the list or **search** for a specific item by typing the first few letters into the search bar.

## 2. Click on an item to see more details

You can see more detailed information for a specific item such as the **Category**, **Department**, and **Earliest Expiry**.

The screenshot shows the 'Stock' page in the mSupply application. At the top, there is a search bar and a navigation bar with the mSupply logo and 'SYNC ENABLED' status. The main content is a table with columns for 'ITEM CODE', 'ITEM NAME', and 'STOCK ON HAND'. The table lists various pharmaceutical items. The row for 'Amoxicillin 500mg tabs' (ITEM CODE: 03\_0452) is highlighted with an orange border. To the left of this row, a circled '2.' is present. Below the highlighted row, there is a summary box containing the following information: Category: ANTI-INFECTIVES, Department: MEDICINE, Number of batches: 1, and Earliest expiry: (blank). Below this summary box, the table continues with other items like Amoxicillin Dry Powder, Ampicillin Injection Powder, Artemether Injection, and Artemether/Lumefantrine tablets.
