

# Dispensing

Dispensing mode only shows if the store is configured correctly on the server. Read how [here](#)

## Patients

When you tap the **Dispensary** icon you will get a list of your patients. You can search for a particular patient using the field in the search bar.

TIP: you can search by first and last name by using a comma. For example: g, j will search for all patients whose last name starts with G and first name starting with J.

### Searching for a Patient ( on the server )

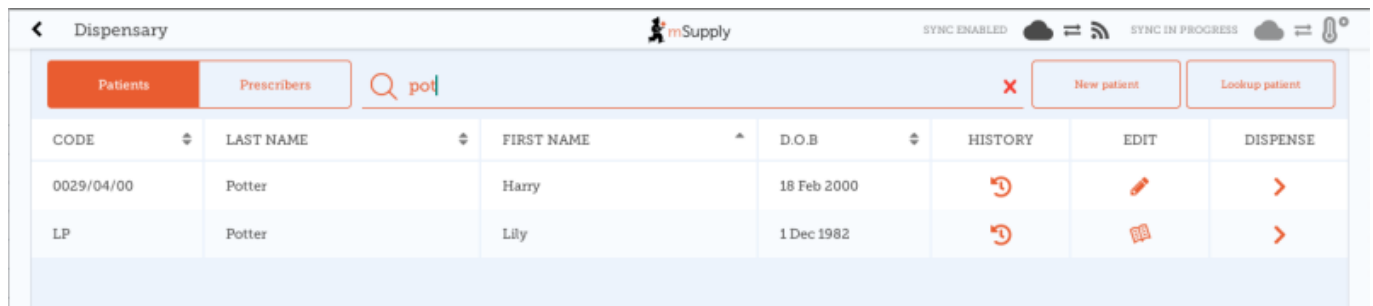

- If a patient does not exist in your current store, and you have internet access, you can search for the patient on the server
- Click the **Lookup patient** button

- You'll see a new window
- Enter some or all of the patient's first name, last name and/or date of birth and insurance policy number ( if used )
- Click **Search**

- You will see a list of patients which are configured on the server, but which are not in your local store
- If you see the patient you are looking for, click their name. This will copy their details to your local store and they will appear in your patient list

The screenshot shows the 'Dispensary' screen in the mSupply application. At the top, there's a header with 'mSupply' logo, 'SYNC ENABLED', and 'SYNC IN PROGRESS' status. Below the header, there are tabs for 'Patients' (selected) and 'Prescribers'. A search bar contains the text 'pot'. To the right of the search bar are buttons for 'New patient' and 'Lookup patient'. Below the search bar is a table with the following columns: CODE, LAST NAME, FIRST NAME, D.O.B, HISTORY, EDIT, and DISPENSE. The table contains two rows of data:

CODE	LAST NAME	FIRST NAME	D.O.B	HISTORY	EDIT	DISPENSE
0029/04/00	Potter	Harry	18 Feb 2000			
LP	Potter	Lily	1 Dec 1982			

- Note though, that you cannot edit this patient. This is indicated by the book icon in the edit column, rather than the pencil which shows for your local patients.
- If no patients match your criteria you will be shown the message below. Try making your search more general, for example search just for the first letter of their name

## Adding a new Patient

- To create a new patient, tap the **New Patient** button.

### Patient Details

First name

## Editing a patient's details

To edit a patient's details, tap the **edit** button at the end of the row for that patient. Easy!

## Viewing a patient's History

You can also view the history for a patient by tapping the **history** button.

Patient History - Joshua Griffin				✕
ITEM CODE	ITEM NAME	QUANTITY	PRESCRIBER

## Prescribers

You can show, add and edit prescribers in just the same way as you do for patients.

Simply tap the “Prescribers” toggle button at the top of the window:

To edit a prescriber, tap the edit (pen icon) button for the row you wish to edit. You're then shown the prescriber's details:

### Prescriber Details

Save

As for patients, only when you've entered all the required fields you'll be able to save the record.

The screenshot shows the 'Dispensary' screen in the mSupply application. At the top, there's a header with a back arrow, the title 'Dispensary', the mSupply logo, and a 'SYNC ENABLED' status with a cloud icon. Below the header, there are two tabs: 'Patients' and 'Prescribers', with 'Prescribers' being the active tab. A search icon is visible next to the tabs. On the right, there is a 'New Prescriber' button. The main area contains a table with the following columns: 'CODE', 'FIRST NAME', 'LAST NAME', and 'EDIT'. There are two rows of data: one for 'J-1234' with first name 'Jasmine' and last name 'McKewen', and another for 'JS-987' with first name 'James' and last name 'Smith'. Each row has a red pencil icon in the 'EDIT' column.

CODE	FIRST NAME	LAST NAME	EDIT
J-1234	Jasmine	McKewen	
JS-987	James	Smith	

## Dispensing to a patient

- Firstly, find the patient to dispense to (as above for viewing/editing a patient)
- Then click the **Dispense** button on that row.

Dispensing is a three step process. Each step must be completed before you can move to the next step

1. Step 1 you must select a prescriber by clicking on the SELECT icon
  - NOTE: You can press the HISTORY and EDIT icons next to the patients name to edit the patients details or view their history at any time.
  - You can filter the list using the search bar
  - Once you have selected a prescriber, you can edit the prescriber at any time using the EDIT icon next to the prescribers name
2. Step 2: You must select an item to dispense by selecting the row on the left hand side. You can filter the items using the search bar

- Step 3: You can view the final results of the prescription and add any other details such as a comment.

The screenshot displays the mSupply mobile application interface for Prescription 922. The top bar shows the title 'Prescription 922', the mSupply logo, and a 'SYNC ENABLED' status. The interface is divided into three main sections, each with a numbered red circle indicating a step:

- Step 1: Select the prescriber** - Shows the patient name 'Joshua Griffin' and a 'Comment:' field. A red circle with a '3' and a pencil icon is next to the patient name.
- Step 2: Select items** - Shows the item details for 'ABACAVIR / LAMIVUDINE 60/30 MG CP' with a quantity of '3'. The code 'AB33297' and directions are also visible. A red circle with a pencil icon is next to the item name.
- Step 3: Finalise** - Shows the prescriber name 'Jasmine McKewen'. A red circle with a pencil icon is next to the prescriber name.

At the bottom right, there are two buttons: 'Cancel' and 'Complete'. The 'Complete' button is highlighted with a red border.

Tapping the **Complete** button will finalise the prescription. That means that it's locked- you can't edit it any more.

The screenshot shows the 'Prescription 922' screen in the mSupply application. At the top, there's a header with the mSupply logo, 'SYNC ENABLED' status, and a signal icon. Below the header, a three-step process bar is visible: 1. Select the prescriber, 2. Select items, and 3. Finalise. The current step is 'Select items'. On the left, the patient's name 'Joshua Griffin' is displayed. A 'Comment:' field is present. In the center, an 'Item Details' panel shows 'ABACAVIR / LAMIVUDINE 60/30 MG CP' with a quantity of '3'. Below this, 'Code' is 'AB33297' and 'Directions' is empty. On the right, the prescriber's name 'Jasmine McKewen' is shown. At the bottom right, there are 'Cancel' and 'Complete' buttons. Red circular icons with numbers 1, 2, and 3 are placed above the respective steps in the process bar.

That was easy!. If you've enabled payments, you can go to the next step to receive payment. If not, you'll continue and dispense the next prescription.

## Payments

The payments module needs to be configured on the server, so if it's turned off, you won't see it. Configuration instructions are [here](#) The 2 configuration settings that must be set to “true” are:

- usesDispensarymodule
- usesPaymentsmodule

Once enabled, when you arrive at the summary page where you check the details of a prescription, you will be shown a payment summary and each item will show its price:

Prescription 924

1 Select the prescriber 2 Select items 3 Finalise

Patient: Joshua Griffin

Prescriber: Jasmine McKewen

Comment:

**Item Details**

ABACAVIR / LAMIVUDINE 60/30 MG CP 3

0.00

0.00

30.00

0.00

- The **Payment Amount** is the amount the patient is paying
- If they have any available credit, this will be listed under the **Payment Amount**
- There can only be a **Payment Amount** less than the **Total**, if the patient has sufficient available credit to cover the difference.
- The amount of credit is shown under **Credit Used**
- The change required is the amount of change to give to the patient
- It is only possible to finalise a prescription when payments are enabled, when the payment amount is a valid value

Here's an example if the patient doesn't have enough credit:

## Insurance

If the server has insurance providers enabled, the mobile store will also.

This will enable the insurance drop-down list and the **add** button (The orange “plus” button to the right):

The screenshot shows the 'Prescription 924' screen in the mSupply application. At the top, there are three numbered steps: 1. Select the prescriber (Joshua Griffin), 2. Select items (ARAGAVIR / LAMIVUDINE 60/30 MG CP), and 3. Finalise (Jasmine McKewen). The 'Payment' section is highlighted, showing a dropdown for 'Select an insurance policy' with a red '+' button to add a new policy. Below this, the 'Payment Amount' is displayed as 30.00. A table shows the breakdown: Subtotal (30.00), Insurance discount rate (0%), Insurance discount amount (0.00), and Change required (0.00). The 'Total' is 30.00. At the bottom right, there are 'Cancel' and 'Complete' buttons.

When entering the payment details, if the patient has an insurance policy, you can select it from the drop-down list:

This close-up shows the 'Payment' section with the 'Select an insurance policy' dropdown menu open. The menu displays the selected policy number '123123 456'. To the right of the dropdown are two red buttons: a pencil icon for 'Edit' and a plus icon for 'Add'. Below the dropdown, the 'Payment Amount' is shown as 22.50.

You can use the **Edit** (the “pen”) or **Add** (the “plus”) buttons to add or edit insurance policies.

If you click the **Add** button you can add an insurance policy:

### Insurance Policy

Personal policy number  
is required

Family policy number  
is required

Discount rate

Policy provider  
ALLIANCE

Is active

Policy type

Cancel Save

The **Save** button is only enabled when you've entered a valid value in each field that is labelled as "required".

If you have set up transaction categories on the server, then you'll be able to choose one at the top left of the window:

Maternity
