

[NeedsReview](#)

Dispensing

Dispensing mode only shows if the store is configured correctly on the server. Read how [here](#)

Patients

When you tap the **Dispensary** icon you will get a list of your patients. You can search for a particular patient using the field in the search bar.

TIP: you can search by first and last name by using a comma. For example: g, j will search for all patients whose last name starts with G and first name starting with J.

Searching for a Patient (on the server)

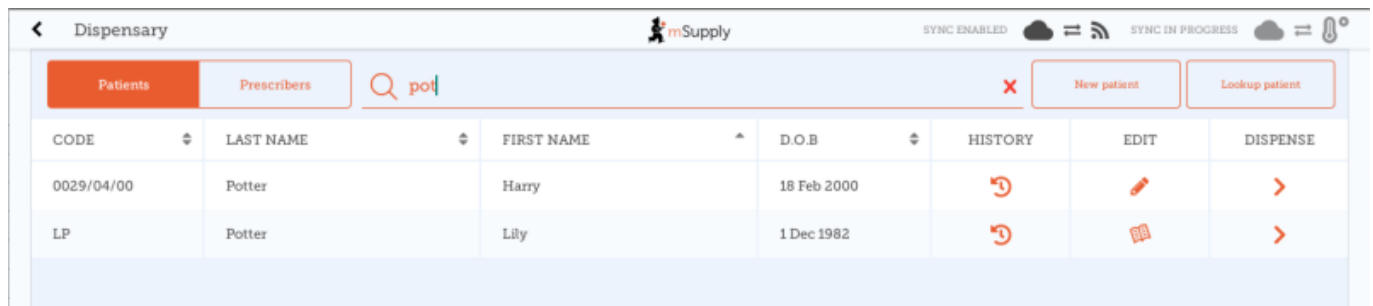

- If a patient does not exist in your current store, and you have internet access, you can search for the patient on the server
- Click the **Lookup patient** button

- You'll see a new window
- Enter some or all of the patient's first name, last name and/or date of birth and insurance policy number (if used)
- Click **Search**

- You will see a list of patients which are configured on the server, but which are not in your local store
- If you see the patient you are looking for, click their name. This will copy their details to your local store and they will appear in your patient list

The screenshot shows the 'Dispensary' screen in the mSupply application. At the top, there's a header with 'mSupply' logo, 'SYNC ENABLED', and 'SYNC IN PROGRESS' status. Below the header, there are tabs for 'Patients' and 'Prescribers'. A search bar contains the text 'pot'. To the right of the search bar are buttons for 'New patient' and 'Lookup patient'. Below the search bar is a table with the following columns: CODE, LAST NAME, FIRST NAME, D.O.B, HISTORY, EDIT, and DISPENSE. The table contains two rows of patient data.

CODE	LAST NAME	FIRST NAME	D.O.B	HISTORY	EDIT	DISPENSE
0029/04/00	Potter	Harry	18 Feb 2000			
LP	Potter	Lily	1 Dec 1982			

- Note though, that you cannot edit this patient. This is indicated by the book icon in the edit column, rather than the pencil which shows for your local patients.
- If no patients match your criteria you will be shown the message below. Try making your search more general, for example search just for the first letter of their name

Adding a new Patient

- To create a new patient, tap the **New Patient** button.

Editing a patient's details

To edit a patient's details, tap the **edit** button at the end of the row for that patient. Easy!

Viewing a patient's History

You can also view the history for a patient by tapping the **history** button.

Patient History - Joshua Griffin				✕

Prescribers

You can show, add and edit prescribers in just the same way as you do for patients.

Simply tap the “Prescribers” toggle button at the top of the window:

To edit a prescriber, tap the edit (pen icon) button for the row you wish to edit. You're then shown the prescriber's details:

- Note though, that you cannot edit this prescriber. This is indicated by the book icon in the edit column, rather than the pencil which shows for your local prescribers.
- If no prescribers match your criteria you will be shown the message below. Try making your search more general, for example search just for the first letter of their name

Dispensing to a patient

- Firstly, find the patient to dispense to (as above for viewing/editing a patient)
- Then click the **Dispense** button on that row.

Dispensing is a three step process. Each step must be completed before you can move to the next step

1. Step 1 you must select a prescriber by clicking on the SELECT icon
 - NOTE: You can press the HISTORY and EDIT icons next to the patients name to edit the patients details or view their history at any time.
 - You can filter the list using the search bar
 - Once you have selected a prescriber, you can edit the prescriber at any time using the EDIT icon next to the prescribers name
2. Step 2: You must select an item to dispense by selecting the row on the left hand side. You can filter the items using the search bar

1. Step 3: You can view the final results of the prescription and add any other details such as a comment.

The screenshot shows the mSupply interface for Prescription 922. The top bar includes the mSupply logo, 'SYNC ENABLED', and a signal icon. The main screen is divided into three sections, each with a red circular number and a title:

- 1 Select the prescriber**: This section shows the patient's name, **Joshua Griffin**, and a red 'Prescriber' label. Below this is a 'Comment:' field with a red pencil icon.
- 2 Select items**: This section shows the item details for **ABACAVIR / LAMIVUDINE 60/30 MG CP** with a red '3' next to it. Below this is a red 'Code' label with the value **AB33297** and a red 'Directions' label.
- 3 Finalise**: This section shows the prescriber's name, **Jasmine McKewen**, and a red 'Prescriber' label. Below this are two buttons: **Cancel** and **Complete**.

The 'Complete' button is highlighted with a red border, indicating it is the next step in the workflow.

Tapping the **Complete** button will finalise the prescription. That means that it's locked- you can't edit it any more.

The screenshot displays the 'Prescription 922' interface in the mSupply mobile application. At the top, there's a header with the mSupply logo and 'SYNC ENABLED' status. The interface is divided into three main sections corresponding to the steps: 1. 'Select the prescriber' shows the patient 'Joshua Griffin' and the prescriber 'Jasmine McKewen'. 2. 'Select items' shows the 'Item Details' for 'ABACAVIR / LAMIVUDINE 60/30 MG CP' with a code of 'AB33297'. 3. 'Finalise' shows 'Cancel' and 'Complete' buttons. A 'Comment:' field is also present.

That was easy!. If you've enabled payments, you can go to the next step to receive payment. If not, you'll continue and dispense the next prescription.

Payments

The payments module needs to be configured on the server, so if it's turned off, you won't see it. Configuration instructions are [here](#) The 2 configuration settings that must be set to “true” are:

- usesDispensarymodule
- usesPaymentsmodule

Once enabled, when you arrive at the summary page where you check the details of a prescription, you will be shown a payment summary and each item will show its price:

Prescription 924

0.00

30.00

0.00

- The **Payment Amount** is the amount the patient is paying
- If they have any available credit, this will be listed under the **Payment Amount**
- There can only be a **Payment Amount** less than the **Total**, if the patient has sufficient available credit to cover the difference.
- The amount of credit is shown under **Credit Used**
- The change required is the amount of change to give to the patient
- It is only possible to finalise a prescription when payments are enabled, when the payment amount is a valid value

Here's an example if the patient doesn't have enough credit:
