

User Guide - mSupply Mobile

11. Indicators

Indicators are used for reporting data on the performance of drug regimens for a given store and time period. Indicators are designed to generalise existing regimen functionality in order to allow provide additional customisation of the type and structure of data collected while maintaining consistency in how that data is stored and processed.

11.1. Creating indicator data as a customer

If your store program has indicators associated with it you can add indicator data to the Supplier Requisition while creating it.

In the requisition window click the “Indicators” button in the top right corner. When data is added it will be sent to the supplier once the requisition is finalised.

The screenshot shows the 'Requisition 2' window in mSupply Mobile. The top bar includes a back arrow, the title 'Requisition 2', the mSupply logo, and a 'FINALISE' button with a green checkmark. Below the top bar, there are fields for Program (HIV), Order type (Nouveau type d...), Entry Date (24/1/2020), Entered By (mobile), Period (Avril - 2019 (04/09/19 - 05/16/19)), Supplier (Y), Months Stock (3), and a Comment field. On the right, there are two buttons: 'Items' and 'Indicators' (highlighted in orange). Below these fields is a search bar with a magnifying glass icon and the text 'Search by item name or item code'. At the bottom, there is a table with 9 columns: Description, Code, Patients adultes reçus, Patients enfants reçus, Patient stable adulte, Patient stable enfant, Nouvelle inclusion adulte, Nouvelle inclusion enfant, and Referes. The table contains 4 rows of data for different ARV regimens.

Description	Code	Patients adultes reçus	Patients enfants reçus	Patient stable adulte	Patient stable enfant	Nouvelle inclusion adulte	Nouvelle inclusion enfant	Referes
Régime ARV de 1ère Ligne	AZT/3TC/NVP	0	0	0	0	0	0	0
Régime ARV de 1ère Ligne	AZT/3TC/EFV	0	0	0	0	0	0	0
Régime ARV de 1ère Ligne	AZT/3TC/TDF	0	0	0	0	0	0	0
Régime ARV de 1ère Ligne	AZT/3TC/LPV/r	0	0	0	0	0	0	0

11.2. Viewing indicator data as a supplier

When a corresponding Customer Requisition has been generated the indicator data can be viewed in the requisition by clicking the “Indicators” button in the top right corner.

Note that in the Customer Requisition indicator data be viewed but not edited.
