Buttons at the bottom: Cancel, OK & Next, OK

If you want to record when a patient has refused a vaccine, you need to create a patient event. Otherwise, no record will be created.

Code.	Description	Event type	Unit
NT	Note	DS	
PCD	Patient clinical data	OB	
RV	Refused vaccination	OB	

Code:

Description:

Event type:

Units:

If you want to record extra patient information during vaccinations, get in contact with The mSupply Foundation as we have no interface for you to create the forms, yet.

Once complete, your mSupply mobile interface will look like this:
